

# Classroom Library Grants

The ELA Honor Society offers Classroom Library Grants designed to enhance the Society's goals of promoting interest in literature and language within ELA Honor Society schools; fostering all aspects of English study including literature, language, writing, and media; providing ELA Honor Society Chapter Advisors with a range of compelling literature to share with the students they teach; and giving students access to diverse, inclusive, and high-quality texts, particularly in areas where access to libraries or books at home may be limited.

All applicants must upload a wish list of 20-30 titles you plan to purchase with the Classroom Library Grant funds.
